Mr Garrison

Dear Friend

I received some
days ago the tender and beau-
tiful Memorial of your dear de-
parted wife. and have perused
it with lively interest as well as
admiration

Such a character is always
worthy of the most exalted
remembrance by itself. But the
relation she bore to you through
such an eventful and remark-
able life makes it ^{to} your friends
most especially so

Although I never saw her but

once and that many years ago my memory of her at that time accords with the testimony of the memorial. But your kindness in sending it to me is more than I expected or claim to deserve. I hope you will accept my most grateful sense of it together with my warmest sympathy for yourself and family in your great bereavement.

I wish also and especially to thank you for remembering me at the time of his departure by sending me the beautiful Card bearing the sad intelligence.

I recognize in them ^{both} the hand-

Writing of your son Francis. Will
you extend to him my thanks
for his kindness and also if you
please remember me to your
son Wm and your daughter
Lanny both of whom I remember
very well

I am glad to learn as I
have through Miss Anthony that
your health is so far restored as to
be again comfortable and that
you have the comfort of your
daughters care and society at
this time

Thanking you again
for your kindness I remain

Most truly yours P H Jones

Ms. Am.
